

Swan Energy Rebrands as Swan Corp, Focuses on High-Growth Sectors

Swan Energy Limited has officially rebranded as Swan Corp Limited, marking its evolution into a diversified industrial conglomerate. This strategic shift focuses on key growth sectors, including manufacturing, defence, energy, and real estate.

Founded over a century ago, Swan Corp has expanded from textiles to establish a presence across vital sectors of the Indian economy, including oil & gas, commercial and defence shipbuilding and repair, heavy engineering, offshore fabrication, and real estate development.

The new corporate identity features a redesigned logo, symbolizing progress, resilience, and forward momentum. This unifying brand will be adopted across all business verticals to reinforce Swan Corp's integrated vision and market presence.

Nikhil Merchant, Managing Director of Swan Corp, stated that the new identity marks the beginning of a bold phase, reflecting the company's long-term strategic direction, commitment to innovation, and role in supporting India's economic growth as it scales operations in complex, high-impact sectors.

The rebrand underscores Swan Corp's mission to build and scale businesses that are self-reliant, sustainable, and critical to national development.

Swan Corp is publicly listed on the Bombay Stock Exchange (BSE) and National Stock Exchange (NSE). Updated ticker symbols will be announced shortly.

Swan Corp Limited (formerly Swan Energy Limited) is a diversified Indian conglomerate with operations in manufacturing, defence, energy, and real estate. Guided by a legacy of integrity and innovation, Swan Corp is committed to building resilient, future-ready businesses that support India's long-term development goals.
